

EXCITEMENT AT HOWARD COMMUNITY PRIMARY SCHOOL FOLLOWING THE ARRIVAL OF A SCHOOL MINIBUS

Howard Community Primary School received an exciting surprise when Robert Everitt our local Suffolk County Councillor, got in touch unexpectedly in December. Through his local connections Robert has been able to arrange for Howard Primary to become the proud owners of a 13 seater school minibus.

With community at the heart of the school's vision, the minibus will be a great asset enabling pupils to connect with their local community in and around the Howard Estate in Bury St Edmunds.

Alison Weir, Acting Headteacher said: "This will be a great enabler post lockdown to take groups of children out and about on local trips and visits, providing further opportunities for enriching experiences. It has certainly put a huge smile on the children's faces.

"Thank you to Robert Everitt for his work in organising this behind the scenes for our young people!"

Robert Everitt said: "I was very pleased to co-ordinate the transfer of this minibus to Howard Community Primary School, giving the children the opportunity to take educational trips and enhance their learning experience."
