

Ways to help your child...

If your child needs extra practise of the week's spellings they will be attached to your child's spelling book on Fridays. Please support your child with practising these over the weekend as well as hearing them read. Please also use TT rockstars and EDShed log ins to access times tables and spelling practice

Science

Our science focus for the first half term will be teeth, the digestive system and life cycles. We will be carrying out experiments to find out what liquids cause damage to our teeth and learning about human and animal teeth.

DT

We will learning about foods which are good for our teeth and we will be creating our own recipes for frozen yoghurts.

RE / PHSE

In PHSE we will be learning about managing risks.

In RE, we will be exploring Sikhism and Christianity.

Badger class

Summer Term 1:

Bottoms, Burps and Bile

Arts

In class we will learning about the artist Julian Opie and creating our own figure drawings.

In music we will be learning how to play the glockenspiels.

Maths

Throughout the term, we will be practising our times tables. We will do this daily in two 10 minute activities. By the end of year 4 children should know all of the times tables up to x12.

We will also be learning to multiply larger numbers and to work out fractions of numbers.

This term on Fridays, the children will be focusing our studies on money.

Important date

We will be having a Reading Café on Tuesday 24th May where parents will have the opportunity to come into class to join in with some reading activities with your children.

English

In English, we will be reading the book Demon Dentist by David Walliams. We will read a chapter or two each lesson and we will work on making predictions, authors use of language and inference skills. We will also be writing non-fiction texts linked with teeth and going to the dentists.
